Management's Responsibility

To the Members of Whitecap Dakota First Nation:

The accompanying consolidated financial statements of Whitecap Dakota First Nation are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Whitecap Dakota First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Nation's external auditors.

MNP LLP is appointed by the Council to audit the consolidated financial statements and report to the members; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

Independent Auditors' Report

To the Members of Whitecap Dakota First Nation:

We have audited the accompanying consolidated financial statements of Whitecap Dakota First Nation, which comprise the statement of financial position as at March 31, 2016, and the statements of operations and accumulated surplus, changes in net debt, cash flows, and the related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Whitecap Dakota First Nation as at March 31, 2016 and the results of its operations, changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The accompanying notes are an integral part of these financial statements

Whitecap Dakota First Nation

Notes to the Consolidated Financial Statements

For the year ended March 31, 2016

1. Operations

The Whitecap Dakota First Nation ("the First Nation") is located in the province of Saskatchewan, and provides various services to its members. Whitecap Dakota First Nation includes the government and all related entities that are accountable to the First Nation and are either owned or controlled by the First Nation.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and including the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Whitecap Dakota First Nation - Administration, Education, Health, Self Government, and other departments
- Whitecap Housing Corporation
- Dakota Land Holdings Inc.
- Whitecap Community Development Corporation
- Dakota Cree Sports Incorporated

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Whitecap Dakota First Nation business entities, owned or controlled by the First Nation's Council but not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis are disclosed in Note 6.

Other economic interests

The First Nation does not share in the control or the profit or loss of the following entities. As a result, the financial statements of the following entities have not been consolidated or proportionately consolidated with the financial statements of the First Nation.

The First Nation is a member of Saskatoon Tribal Council (the "STC"). The STC is an organization of seven First Nations. The STC is mandated to enhance the service provided to and provide a representative voice for the member Nations.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Whitecap Dakota First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2016

2. **Significant accounting policies** *(Continued from previous page)*

Revenue recognition

Non-government funding

Non-government funding is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

Government transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Tax revenue

The First Nation recognizes taxes as assets and revenue when they meet the definition of an asset; are authorized by a legislature, council, or legislative convention; and the taxable event has occurred.

Tax revenue is initially measured at management's best estimate of the amount resulting from the original taxable event in accordance with tax legislation. The related tax receivable is initially recognized at its realizable value at the date of acquisition. At each financial statement date, the First Nation evaluates the tax receivable for collectability and records a valuation allowance to reflect the tax receivable at its net recoverable amount, if necessary.

Other revenue

Investment and interest income are recognized when earned. Rent and other revenue is recognized when the related services are provided.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Tangible capital assets

Tangible capital assets are initially recorded at cost based on historical cost accounting records. Contributed tangible assets are recorded at their fair value at the date of contribution.

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives with half the rate taken in the year of purchase:

		Rate
Residential buildings	straight-line	4-5 %
Public buildings	straight-line	4-5 %
Roads	straight-line	4 %
Underground networks	straight-line	4 %
Automotive equipment	straight-line	20 %
Computer and other equipment	straight-line	20 %
Infrastructure	straight-line	4 %

2. **Significant accounting policies** *(Continued from previous page)*

Cash resources

Cash resources includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Portfolio investments

Long-term investments in entities that are not controlled by the First Nation reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

Amortization is based on the estimated useful lives of tangible capital assets.

Liabilities for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the First Nation is responsible for.

Liability for contaminated site

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all costs directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2016.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

No provision for contaminated sites has been reported in these consolidated financial statements.

Whitecap Dakota First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2016

2. Significant accounting policies (Continued from previous page)

Segments

The First Nation conducts its business through eleven reportable segments: administration, self-government, economic development, public works, housing, WDFN government, health, education, community, social development, and business enterprises. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements. Inter-segment transfers are recorded at their exchange amount.

Recent accounting pronouncements

Financial instruments

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 *Financial Instruments* to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non-financial derivatives. As a result of issuance of PS 3450, there have been numerous consequential amendments made to other Sections. PS 3450 is effective for fiscal years beginning on or after April 1, 2019. Earlier adoption is permitted.

PS 3450 is applied prospectively in the fiscal year of initial adoption; therefore, financial statements of prior periods, including comparative information, are not restated. The First Nation has not yet determined the effect of these new standards on its financial statements.

3. Accounts receivable

	2016	2015
Trade receivables	913,477	334,025
Saskatoon Tribal Council	341,909	333,194
Indian and Northern Affairs Canada	78,778	129,792
CMHC subsidy	60,785	35,406
Dakota Dunes Community Development Corporation	22,298	221,671
Health Canada	1,422	323,379
Government of Saskatchewan	-	500,000
	1,418,669	1,877,467

4. Portfolio investments

Portfolio investments include investments in the following entities:

STC Casino Holdings Corporation	14.3%
STC Casino Holdings Limited Partnership	14.3%
SDC Development Corporation	14.3%
STC Investments Ltd.	14.3%
STC Investments Limited Partnership	14.3%

The First Nation's portfolio investments are in entities which are not traded publicly and for which no active market exists to determine fair value. As such, no fair value of portfolio investments has been provided.

Whitecap Dakota First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2016

5. Tangible capital assets

The tangible capital assets reconciliation is included in Schedule 1.

Tangible capital assets includes assets under construction with a carrying value of \$3,087,218 (2015 - \$3,681,167). No amortization of these assets have been recorded during the year because they are currently under construction and not being used.

The First Nation holds works of art and historical treasures which have not been included in tangible capital assets due to the inability of estimating future benefits associated with such property.

6. Investments in Nation business entities

The First Nation has investments in the following entities:

Dakota Enterprise Corporation	100%
South Saskatchewan River Potato Company	100%
Whitecap Development Corporation	100%

	<i>Investment balance, beginning of year</i>	<i>Contributions</i>	<i>Withdrawals</i>	<i>Share of earnings</i>	<i>2016 Investment balance, end of year</i>

Affinity Credit Union commercial mortgage, repayable in monthly instalments of \$7,944 including interest at 5.64%, secured by a general interest in the 10-unit Housing Project. Matures in 2016.	-	1,186,897
	20,399,376	20,456,917
Less: current portion	1,039,438	918,330
	19,359,938	19,538,587

Principal repayments on long-term debt in each of the next five years , assuming long-term debt subject to refinancing is renewed, are estimated as follows:

2017	1,039,438
2018	1,187,341
2019	1,220,950
2020	1,286,944
2021	1,058,011

Long-term debt is subject to certain covenants with respect to filing of financial information by certain dates and other financial ratios. As at the date of issue of these financial statements, the First Nation is in compliance with all such covenants.

Whitecap Dakota First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2016

10. Available credit

The First Nation has a loan authorized to \$3,175,000 of which \$832,406 (2015 - \$832,406) had been drawn at year end. This loan is secured by the First Nation's assets and redirection of WCIF and WCLF revenue to be deposited to the Bank of Montreal.

The First Nation uses corporate credit cards to facilitate operations which combined have a maximum credit of \$50,000.

The First Nation has an overdraft lending account of \$1,000,000 (2015 - \$1,000,000) with interest at prime rate plus 2%. At March 31, 2016, the First Nation had drawn \$nil (2014 - \$nil) against the account.

All above bank indebtedness are secured by additional Band Council Resolutions requesting credit, First Nation assets, and assigning WCIF and WCLF revenue to be deposited to the Bank of Montreal.

11. Federal government funding reconciliation

	2016	2015
Indigenous and Northern Affairs Canada		
INAC per confirmation	3,159,396	9,193,511
Add: deferred revenue from prior year - capital projects	644,200	900,153
Less: revenue deferred during the year - capital projects	(244,941)	(4,302,482)
	3,558,655	5,791,182

	459,008	426,486
	5,435,922	7,664,577

12. Related party transactions

During the year, the First Nation conducted purchases with related entities that are proprietorships and corporations under the control of the First Nation. All purchases were undertaken at normal market prices for similar goods and services and have been reported as expenses in the financial statement at the exchange amount.

During the year, the First Nation conducted the following transactions with related entities. All transactions were undertaken at normal market prices for similar goods and services.

During the year Whitecap Housing Corporation sold a property with a net book value of \$477,000 to an elected official for \$458,929. The purchase price of the property was based on a valuation completed by an independent appraisal company.

	2016	2015
Property taxes collected	115,025	115,013
Water utilities	217,890	219,027

Whitecap Dakota First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2016

13. Economic dependence

Whitecap Dakota First Nation receives a significant portion of its revenue from Indigenous and Northern Affairs Canada ("INAC") as a result of funding agreements entered into with the Government of Canada. These agreements are administered by INAC under the terms and conditions of the *Indian Act*. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these agreements.

Operating on First Nation land is a casino operated by Saskatchewan Indian Gaming Authority. The First Nation derives significant own source revenue through various agreements and contracts as it relates to the casino location and usage. The ability of the First Nation to service debt is dependent upon the casino continuing to operate profitably.

14. Contingencies and compliance with authorities

These financial statements are subject to review by the First Nation's funding agents. It is possible that adjustments could be made based on the results of their reviews.

15. Budget information

The disclosed budget information was approved by the Finance Committee of the Whitecap Dakota First Nation on December 16, 2015.

The disclosed budget is required to be presented on the same basis as the actual results. The First Nation has not budgeted for amortization and earnings from Nation business entities.

16. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.
